

BEVERLEY CLUB NOTES

Last weeks footy produced mixed results for our two sides but it was still a great day at Beverley. In a injury depleted side in the Recesses Ben's Boys showed great determination for a very young side and although holding Keller/Tammin for a while they were eventually overcome.

AWARD WINNERS:

Blechy's Tyre & Battery and Avon Trading • Scott Minchin - courageous young player who never stops running.

Beverley News • Jai Jeffrey - played the usual high standard that we have come to expect from Jai.

Beverley Self Service and Standard Wools • Ryan Ware - played well around the ground - a real work horse.

Trevor McLean Award • Ben Moulton - good to see that form coming back.

With the A Grade game it was "a must win" for both teams. It was always going to be a hotly contested game and with a good crowd it was one that entertained supporters of both sides. Beverley did have the advantage in the numbers of spectators as the 1992 Premiership Players and Officials were there and with the help of a bit singing syrup found their voice and urged Beverley on, especially in the last quarter when Keller/Tammin were making a comeback. It was to Beverley's credit that the team steadied and continued on with a good win.

AWARD WINNERS:

Frank & Sue McDonald and Thorn Wools • Geoff Mourish - exciting player and is always a pleasure to watch.

Freemasons • Warky Ugle - kicked 7 goals and ended up runner up in the Goal Kicking in the Association - congratulations Warky

Ag Tool Supplies • Sparrow Young - typical hard working game.

Trevor McLean Award • David Capper - Capps is having a very good year with his regular tight defensive skills.

A special award donated by the 1992 Premiership Player Flopper Young was won by Coach Reekie. Craig worked hard all day and was covering the ground like a rover and with the ground being fairly heavy big Reekie was (putting it mildly) knackered. Great leaders game.

With the win, there were many players that deserved an award but it was basically a team effort and its good to see the players playing good team footy at the business end of the season. We would like to thank Keller/Tammin players and supporters for staying for a drink afterwards, especially as Beverley just tipped them out of the finals.

I must mention that the 1992 Premiership Players might have lost a bit of touch if they had to play footy now but socially they are still definitely A Grade material as they still know how to enjoy themselves with the celebrations going on until late at night. Great night and special mention must go to Stitch and Chicken and Macca and Mandy for the time and effort in making it a great day.

Thanks also to the Ladies for helping in the kitchen and Kiosk and to the men who manned the bar and helped clean up on Sunday. Great team effort. Finals today and on behalf of all Beverley Supporters we wish Ben Murray and Craig Reekie and their players all the best and hope for a double win - GO REDBACKS.
