EXCELLENT START

The 1977 season commenced as most supporters predicted, however the improved showing by Tammin would indicate that they are on the road back to being, once again, a force in the Association.

In the 'Southern Derby', Beverley defeated Brookton by 58 pts. Beverley's goal front accuracy and Brookton's shocking first half were two features that contributed to this result. Kellerberrin and Railways turned on a top class game for first up. The first quarter being worthy of a final round performance, whilst the young York side were no match for the visitors, Federals.

Some great encounters today. The broadcast match, Cunderdin/Kellerberrin looks like it could develop into a 'thriller' and it is worthy of being classed as the match of the day. Not far behind will be the Beverley/Quairading clash. The 1976 premiers are at home to the Red and Whites (a popular choice for this year's honours) and there is every indication that this will be a great crowd-pleaser.

Tammin's performance against Railways at Jubilee will be watched with great interest and, provided they are injury free, they may well take the four points. In the remaining game the home side York are likely to find their visitors, Brookton, too strong on the day. An "Oscar" to all club nominees who selected the winners for our three awards - Baxters, 6 AM and Mid-West Print as all votes came in last Sunday "spot on", keep up the good work. An "Ocker" to those clubs who failed to forward their goal-kickers, remember there is an excellent award donated by Elect-Weld Steel for the seasons leading goal-kicker.

Clubs are reminded to keep the following dates open for the coaching clinics by the Perth Football Club:- May 1: Cunderdin and Quairading; May 8: Brookton, Tammin and Kellerberrin; June 5: Railways and Federals; June 19: Beverley and York. All clinics will be conducted on the clubs home ground.

Also nominations are being called for Association coaches for our four grades (see advertisement in this issue). These close on Friday, May 6, 1977.

BEVERLEY NOTES

Last Sunday saw a great start to the 1977 season, with all three sides winning their matches in convincing style. It must be many a long day since we have recorded a "treble". The U/15's started the day in splendid fashion and, though it was a team effort, special mention must go to Glenn Moir, Barry Shackles, and Grenville and Lyndon Ugle, for great efforts. Garry Miller and Graeme Wilson also deserve a "plug". Thanks go to Daryl Fowler for his organisation and to Kevin Henderson for umpiring at short notice.

The 'A' Reserve at last seem to be putting it all together under "Jundy". They had their best win for many seasons, and the great crop of younger players are going to put much pressure on the established 'A' Grades, thus supplying the club with much needed depth. The Beverley Service Centre award ("Monty" and Peter Jenkins) was won in fine style by David Michael and the Malcolm Murray award by Peter Wansbrough both not unknown surnames in football. A good omen?

The 'A' Grade side had their hands full with a very determined Brookton side before running out winners by 58 points. No quarter was given and none was expected in a high standard early season game. Mark my words I think we'll see Brookton around during this year's finals. They are great improvers. The Freemason's Tavern award for Fairest and Best went to Randy Little (7 goals) and the Hotel Beverley award to Steve Minchin. Athol Mourish was the recipient of "Frank's Fiver". These were great performances, but don't forget the efforts of "Dooley", "Shippers", "Morts", and "Jock". "Jock" drew first on the "Cowboy" blunted his spurs, and punched his horse. Great efforts all round.

Today, we play the "traditional toughie" against our eastern rivals in Quairading. It's made doubly tougher by the fact that we are the current premiers; they have Neil who led us to a premiership; and they would dearly love to knock us off the pedestal. Okay fellas, don't give them the chance. Everyone right behind Robbie and we'll prove a point.

Simon is wearing his left hand out selling tickets in the Bali trip. However, he assures me he can use his right hand in a pinch. Keep the support rolling in.
