BEVERLEY CLUB NOTES

Well it was a great day for football last week. The weather was fine and Cunderdin oval was in magnificent condition. Beverley came away with full points in both grades for the second week in a row, which has not been achieved for some time. The Ressies came from behind after a passionate half time speech from coach Ben who incidentally played a great game on the halfback line leading by example all day.

RESSIES AWARDS:

Blechy's Tyre and Battery / Avon Trading Award • Matt McLean - showed a lot of class as he worked hard and put in for the whole game

Beverley Newsagency Award • Brad Copping - played a great game always going hard at the ball

Beverley Self Serve Award • Mick Yarren - Mick used his accurate footy and hand skills to create many good passages of play throughout the game

Before I mention the League awards I would like to on behalf of the Beverley Football Club congratulate Shane Darmody on his 200th game. Shane has not only been a great stalwart of Cunderdin but he also played many association games and is a credit to the game. Beverley perhaps have more reasons to remember Shane from his 13 goals that he kicked against us last year!

The A grade performance in the first half was definitely not of the standard that Beverley has been playing in the last few weeks. After a half time revving from Coach Reeksie the team came out playing like a different side eventually winning on an oval that hasn't been to kind to us in the past few years.

LEAGUE AWARDS:

Frank & Sue McDonald / Thorn Wools Award • Sparrow Young - played a great game in the forward and backline taking some strong marks and kicking so some handy goals - Sparrow is apparently going to do some extra training in giving Ben Murray a hand doing the lawn mowing in town!

Freemasons Award • Jai Jeffery - this was Jai's first League game and although he's only 14 he played with the maturity of a veteran - Jai's Freemason's award was 10 middies but the club gave him a Beverley shirt. There were plenty of volunteers to help Jai out with the Freemason award

Ag Tools Supplies (Gary Haythornwaite) • Geoff Mourish - played an inspirational game showing a bit of magic with his run and control of the ball - Geoff also pulled down another screamer (should have had the camera on that one)

Trevor McLean Award • David Capper - put in a four quarter effort in the back line, which has also been the case in the other games played so far this year - A special thanks must go to Capps for taking training at Muresk on Wednesday nights

Thanks to Cunderdin for your usual hospitality after the game. It is something we players and supporters really look forward to.

The Wooduck Award this week goes to a previous winner in Prickle Hill for his on field performance in the last quarter. Prickle took a great mark ten metres out directly in front and went for the big kick, which barely made it over the man on the mark. He wouldn't have booted the skin of the custard with that effort. Must be the diet of poultry draining his strength.

This week we take on arch rivals Quairading who will be tough opposition as always. Let's made it three in a row.
GO REDBACKS!!!

LEAGUE PREMIERSHIP TABLE

Beverley	12.8 - 80	DEF	Cunderdin	10.4 - 64
